

Accessible.

Instantly create and find exemption certificates on-demand.

Limit your audit exposure on non-taxed transactions with end-to-end certificate lifecycle management. AvaTax Certs integrates with ERP, e-commerce and POS systems to digitally create, process and store customer exemption certificates for easy access, renewal and reporting.

Fast

Lookup and collect exemption certificates in real time. Deliver online collection of exemption certificates that provide tax-exempt customers a positive, repeatable purchase experience while helping to ensure you collect valid certificates in just minutes. Reduce turnaround time for auditor requests.

Easy

Seamless integration with existing business software automates manual certificate processes like sending certificate requests and entering certificate data into tax decision software. Produce the correct certificates at any time, from anywhere.

Accurate

Built-in workflow best practices supply certificate expertise to staff and customers. The rule-based wizard ensures customers submit valid certificates. AvaTax Certs manages expiration dates and flags upcoming renewals to ensure accurate tax billings on invoices and to prevent order processing delays.

Affordable

Eliminate hardware acquisition and maintenance costs with our cloud-based service model. Simple, out-of-the-box integration reduces implementation and training costs. Subscription-based pricing is scalable to meet the needs of customers of all sizes.

The Power of AvaTax Certs

Limit your non-taxed transaction audit liability.
Without all the hassle and in real-time.

CERTIFICATE REQUEST

Send one or thousands of certificate requests with the click of a button. AvaTax Certs automatically queues certificate renewal requests for certificates that are about to expire or are invalid.

COLLECTION WIZARD

Online, rule-based wizard automates the paperless collection of certificates and ensures you only collect valid certificates (for example, not W-9s or 1099s). The step-by-step wizard ensures that all required data is entered and captured.

STORAGE & RETRIEVAL

All collected certificates are stored digitally in a central database to dramatically speed tax-exempt transaction processing and to simplify audit preparation and defense.

TAX DECISION SOFTWARE INTEGRATION

Certificate information can be integrated with your tax decision software to automatically associate certificates with transactions and to ensure accurate sales tax is applied.

RENEWAL MANAGEMENT

AvaTax Certs automatically tracks certificate expiration dates and can proactively send renewal requests for certificates about to expire or marked as invalid.

End-to-end compliance + accuracy for all your transactional tax needs.

Calculation

Automating the sales tax calculation/decision process saves time, money and effort. AvaTax Calc dynamically delivers 100,000+ taxability rules and applies them across 17,000+ jurisdictions at the point of transaction, fully integrated with your billing system or ERP.

Returns & Filing

Ensure timely and accurate transactional tax filing and remittance - with simplicity. File returns and remit payments on time using a single payment solution. Whether the jurisdiction requires e-filing or mailed in hard-copy returns, AvaTax Returns performs the job.

Getting started with AvaTax is easy.

Take the next step toward organized exemption certificate management.
